

## Qube Apartments

The stylishly furnished Qube Apartments are located in a high-quality restored old building and each feature a bedroom and a living room. Each living room contains a pull-out sofa bed, comfortably accommodating four people. All apartments have spacious bathrooms and fully equipped kitchens. One of the apartments is equipped with a sunny southwest balcony. The Qube Apartments, like the Qube main building, are located on Bergheimer Straße or Vangerowstraße and are about 200 meters from the hotel. All apartments are furnished with lovingly restored antiques, giving each room its own individual flair. Each of the apartments features oak floors in the rooms, cherry, oak, and walnut antiques, leather armchairs and leather chairs, flat-screen TVs in the living room and bedroom, cable TV, safe, hairdryer, kettle, espresso machine, toaster, and dishwasher. Since it is an old building, the apartments unfortunately do not have air conditioning. However, the bedrooms and living rooms face north, so there is no direct sunlight. Apartments 811 and 812, however, have a retrofitted air conditioning system.

Our Qube Apartments at a Glance:
